Stand alone

Elevate your lighting design with the Carra Vega, an acoustical luminous cloud that features cutting-edge pixel-controlled color-changing effects. Whether you want to simulate a moving sky, abstract patterns, or custom animations, this lighting fixture offers endless creative possibilities. Its enclosed system includes a blackout reflector for enhanced light efficiency, while the various mounting options allow you to seamlessly integrate it into any space. The Carra Vega is available in six sizes and three frame colors, providing both flexibility and innovation in one package.
